September 1, 2011

Dear Shareholder of New World Generation,

I am pleased to tell you that we have been invited to the US to speak with a motivated investor, one who is also interested in purchasing our wind turbines. Unfortunately, the meeting request is for September 8-10, impacting the date of our scheduled Annual General Meeting.

Due to the importance of this meeting we will need to postpone the AGM. We expect to re-schedule in October, subject to negotiations and any terms of settlement with them.

Looking forward to our meeting in the near future and thank-you for your kind patience in this regard.

On another note, the board of NWG would also like to extend congratulations to Paula Mayor and her family in the expectation of her second child.

Sincerely,

Peter Routliff, President and Chair
